SECTION B.

General Provision of Health Services for the Area.

(a) LABORATORY FACILITIES:

During the year the Council continued the arrangements offered by the Emergency Public Health Laboratories, Northallerton, in respect of diagnosis of pathological specimens, at a fixed charge based on the average expenditure of previous years for this service.

(b) AMBULANCE FACILITIES:

The whole of the District possesses Ambulance facilities.

The St. John Ambulance Association (Great Ayton Division) serves the greater part of the District, and the Council now makes an annual contribution to the funds of the Division.

An agreement is made with the Stockton Corporation whereby the Parish of Yarm has the use of the Corporation Ambulance for purposes other than the removal of infectious disease cases.

Cases of infectious disease occurring in the District are removed by the ambulance of the Middlesbrough Corporation to the Corporation Isolation Hospital, Middlesbrough.

(c) NURSING IN THE HOME:

In all Parishes the District Nurse also undertakes midwifery.

(d) TREATMENT CENTRES AND CLINICS:

The North Riding County Council Ante-Natal and Infant Welfare Clinics in the Rural District are held as follows:-

Infant Welfare Clinics.		Ante-Natal Clinics.	
Ormesby	- fortnightly on Wednesdays.	Yarm	- fortnightly on Thursdays.
Stokesley	- Fortnightly on Mondays.		
Great Ayton	- 1st & 3rd Thursdays (except August).	Ormesby	- fortnightly on Wednesdays.
Hutton Rudby	- 3rd Tuesday in month.		
East Rounton	- 1st Tuesday in month.	Stokesley	- fortnightly on Wednesdays.
Nunthorpe	- fortnightly on Wednesdays.		

(e) HOSPITALS (PUBLIC AND VOLUNTARY):

The hospital arrangements remain unchanged.

SECTION C.

Sanitary Circumstances of the Area.

1. (i) WATER:

The Council's Water Schemes, which now supply 19 parishes (as detailed later in this Section), have operated satisfactorily during the year.

Attention has been paid to action on lead, but it has not been found necessary to instal any form of treatment.

Chlorination:- All water is chlorinated. A Wallace and Tiernan Constant Flow Hypochlorinator is connected to the mains on both the Turkey Nab and Scugdale systems below the reservoir and above all connections.

These machines have been maintained and have operated satisfactorily during the year.

A comprehensive water scheme has been prepared to augment and improve the supplies. The scheme is to bring in water from additional springs at Clogger Hall, Ingleby Greenhow, Merebeck, Faceby, Holiday House and Wether Hill, Scugdale; extend and loop in certain mains; build an R.C. Water Tower at Hutton Rudby to balance pressures.

Tenders for the first stages of this scheme have been invited and it is hoped that the contracts will be let and work commenced in the early months of next year.

Yarm - Reconstruction of sewerage of town to Pumping Stations
Pumping and outfall sewers and Sewage Disposal Works.

Ingleby greenhow - Sewerage of Village and Sewage Disposal
Works.

The first three schemes have been the subject of a Ministry
of Health enquiry and approved in principle by that Ministry.

These, together with the remaining schemes, have been subject
to provisional allocations for grants under the Water Supplies and
Sewerage Act, 1944.

(iii) CLOSET ACCOMMODATION:

During the year 19 Privies have been converted into Water
Closets - Great Ayton 14, Stokesley 2, Whorlton 1, Yarm 2.

PUBLIC CLEANSING:

Refuse collection is carried out by direct labour in twelve
parishes. For this purpose a "Dennis" 9 c.yd. and a "Karrier"
7 c.yd. Refuse Collection Vehicles are used.

The Dennis vehicle collects in the Parishes of
Great Ayton, Hemlington, Marton, Nunthorpe, Ormesby and Stainton.

The Karrier vehicles collect in the Parishes of Carlton,
Hutton Rudby, Ingleby Arncliffe, Stokesley, Whorlton and Yarm.

This district is more rural in character, with longer hauls
between villages to the point of disposal.

The first part of the report deals with the general situation of the country and the progress of the work. It is followed by a detailed account of the various projects and the results obtained. The report concludes with a summary of the work done and the conclusions reached.

The second part of the report deals with the detailed account of the various projects and the results obtained. It is followed by a summary of the work done and the conclusions reached. The report concludes with a summary of the work done and the conclusions reached.

A summary of work is set out herewith:-

Vehicle	Working Days	Loads	Bins	Pans	Ashpits
Dennis	302	724	60,100	16,873	930
Karrier	306	802	40,337	23,315	2,158
Total	608	1,526	100,437	40,188	3,088

The refuse is disposed of at the Council's Refuse Tip, Quarry Farm, Nunthorpe. This is a disused Whinstone Quarry. The tip is maintained in a satisfactory manner and no complaints of nuisance have been received.

Consideration has been given to extending the service throughout the district.

Additional vehicles have been ordered. On receipt of delivery additional staff will be engaged and the service commenced.

(v) HOUSING, BUILDINGS, PLANS.

HOUSING:-

Further to Ministry of Health Circular 64/44 and the Hobhouse Report a Survey has been carried out throughout the District of all working class dwellings (i.e. houses having a Rateable Value of up to £20). The results are as follows:-

1. Dwellings satisfactory or with minor defects only	1,682
2. Dwellings require repair, structural alteration or improvement	1,212
3. Dwellings unfit for habitation and beyond repair at a reasonable expense	619
	3,513

NEW BUILDINGS:-

553 visits were made to or in respect of new buildings and buildings under construction

The table below gives details of houses under construction and completed during the year.

Preliminary survey has been made to acquire further sites in a further 14 Parishes and it is expected that work will be actively commenced on the receipt of further allocations.

BUILDING LICENCES:-

The consideration of applications and the issue of licences, together with permits for materials, has put upon the staff an enormous amount of additional work and responsibility.

Details of licences granted during the year are as follows:-

1. The first part of the report deals with the general situation of the country and the position of the various groups of the population.

2. The second part of the report deals with the economic situation of the country and the position of the various groups of the population.

3. The third part of the report deals with the social situation of the country and the position of the various groups of the population.

(viii) SWIMMING BATHS AND POOLS:

There are no swimming baths or pools (publicly or privately owned) which are open to the public.

SECTION E.

Inspection and Supervision of Food.

(a) MILK SUPPLY:

Under the Milk and Dairies Order there are 648 Registered Producers in the area.

47 visits were made. 3 new byres and 2 new milk houses were constructed. Contraventions of the Milk and Dairies Order were remedied on 14 premises.

Milk (Special Designations) Order, 1936:

The North Riding County Council (the Licensing Authority under the above Order) issued the following Licences to Milk Producers in the Stokesley Rural District:-

Designation.	No.
Accredited	46
Tuberculin Tested ...	55
	101

Four Supplementary Licences were issued to retailers to retail Designated Milk in the area.

(b) ICE CREAM:

There are 5 Registered Manufacturers in the area and, with one exception, all use the Cold Mix method of production.

Each producer was advised and supplied with a copy of the Ice Cream Heat Treatment Regulations 1947 and samples which have been taken and submitted for analysis have been satisfactory.

(c) MEAT AND OTHER FOODS:

Since the adoption of the Meat Distribution Scheme by the Ministry of Food, slaughtering has ceased within the area, all meat supplied to butchers in the area being drawn from the Distributing Centre at Middlesbrough and the local butchers distributing from one centre.

The only inspections of slaughter within the area have been emergency cases and, where the carcase has been found fit for food, it has been sent to the Distributing Centre for disposal.

36 visits were made in respect of inspections of food.

The following table gives details of foods that were found to be unsound and voluntarily surrendered.
